TECHNICAL CHARACTERISTICS

PAIA1TK

Aia

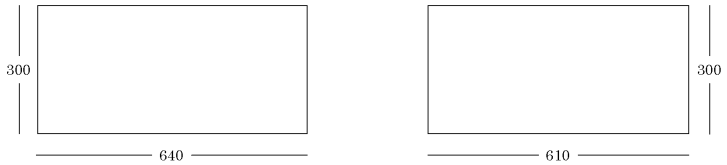

H30 / H40

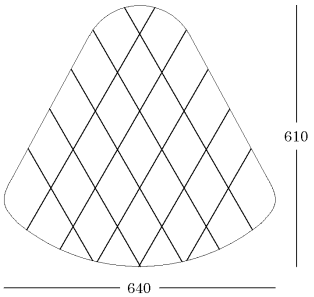

Have fun, enjoy and mix and match… being able to function on their own or as a group makes the Aia puffs form original, changing spaces, for relaxation or meeting up. Their upholsteries, with fine tailor detail and a geometric surface, are available in a wide variety of colours.

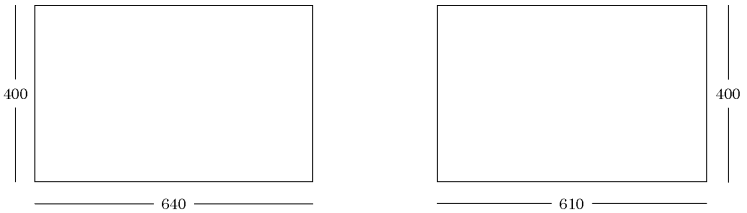

DESIGNED BY NADIA ARRATIBEL

COMPONENTS

BASE

Technical wood board

FOAM

Flexible 40 kg/m^3 density polyurethane foam, also known as "memory foam “, immediately returns to its original geometry by removing the pressure. Due to its special cell structure, it maintains its original properties unaltered over time. Dynamic fatigue tests show that retains its ability to recover shape, even after many uses.
